

## Bibliography of W. T. Edmondson

1934. Investigations of some Hispaniolan lakes. 1. The Rotatoria. Arch. Hydrobiol. **26**: 465-471.
- (and G. E. Hutchinson) Yale North India Expedition. Article 9. The Rotatoria. Mem. Conn. Acad. Arts Sci. **10**: 153-186.
1935. Some Rotatoria from Arizona. Trans. Am. Microsc. Soc. **54**: 301-306.
1936. Fixation of sessile Rotatoria. Science **84**: 444.
- New Rotatoria from New England and New Brunswick. Trans. Am. Microsc. Soc. **55**: 214-222.
1937. (and John L. Fuller) Food conditions in some New Hampshire lakes, p. 95-99. In Biological survey of the Androscoggin, Saco and coastal watersheds. N.H. Fish Game Dept. Surv. Rep. No. 2.
1938. Notes on the plankton of some lakes in the Merrimack watershed, p. 107-210. In Biological survey of the Merrimack watershed. N.H. Fish Game Dept. Surv. Rep. No. 3.
- Three new species of Rotatoria. Trans. Am. Microsc. Soc. **57**: 153-157.
1939. New species of Rotatoria with notes on heterogonic growth. Trans. Am. Microsc. Soc. **58**: 459-472.
1940. The sessile Rotatoria of Wisconsin. Trans. Am. Microsc. Soc. **59**: 433-459.
1941. Substrate limitations in sessile Rotatoria. [Abstr.] Anat. Rec. Suppl. **81**: 109.
1944. Ecological studies of sessile Rotatoria. Part 1. Factors affecting distribution. Ecol. Monogr. **14**: 31-66.
1945. Ecological studies of sessile Rotatoria. Part 2. Dynamics of populations and social structures. Ecol. Monogr. **15**: 141-172.
1946. Factors in the dynamics of rotifer populations. Ecol. Monogr. **16**: 357-372.
- Review: Coasts, waves and weather for navigators (John Q. Stewart). Rev. Sci. Instr. **17**: 148-149.
- (G. L. Clarke, W.T.E., and W. E. Ricker) Mathematical formulation of biological productivity. Ecol. Monogr. **16**: 336-337.
1947. (and Y. H. Edmondson) Measurements of production in fertilized salt water. Sears J. Mar. Res. **6**: 228-246.
- (H. B. Bigelow and W.T.E.) Wind waves at sea, breakers and surf. U.S. Hydrogr. Office Publ. No. 602. 177 p.
1948. Rotatoria from Penikese Island, Mass., with description of *Ptygura agassizi*, n. sp. Biol. Bull. **94**: 169-173.
- Two new species of Rotatoria from sand beaches. Trans. Am. Microsc. Soc. **67**: 149-152.
- Ecological applications of Lansing's physiological work on longevity in Rotatoria. Science **108**: 123-126.
1949. A formula key to the Rotatorian genus *Ptygura*. Trans. Am. Microsc. Soc. **68**: 127-135.
- Wave action and effects on refraction. Shore and Beach **17**: 35-36. [Corrected revision of a stenographic report based on notes taken in a darkened room, published in an earlier issue, **16**: 22-23.]
1950. Centrifugation as an aid in examining and fixing rotifers. Science **112**: 49.
1953. (G. W. Comita and W.T.E.) Some aspects of the limnology of an Arctic Lake. Stanford Univ. Publ. Univ. Ser. Biol. Sci. **11**: 7-13.
1954. Review: Intertidal invertebrates of the central California coast. Science **120**: 489-490.
1955. The seasonal life history of *Daphnia* in an Arctic Lake. Ecology **36**: 439-455.
- Factors affecting productivity in fertilized salt water. Deep-Sea Res. **3**: 451-464.
- (P. R. Nelson and W.T.E.) Limnological effects of fertilizing Bare Lake, Alaska. Fish. Bull. **102**: 413-436.
1956. The relationship of photosynthesis by phytoplankton to light in lakes. Ecology **37**: 161-174.
- Measurement of conductivity of lake water in situ. Ecology **37**: 201-204.
- (and G. C. Anderson and D. R. Peterson) Artificial eutrophication of Lake Washington. Limnol. Oceanogr. **1**: 47-53.
- (R. O. Sylvester, W.T.E., and R. H. Bogan) A new critical phase of the Lake Washington problem. Trend Eng. **8**(2): 8-14.
1957. Trophic relations of the zooplankton. Trans. Am. Microsc. Soc. **76**: 225-245.
1959. [Ed.] Ward and Whipple's fresh-water biology, 2nd ed. [Author of preface, introduction and chapters on Rotifera and methods.]
1960. Reproductive rate of rotifers in natural populations. Mem. Ist Ital. Idrobiol. **12**: 21-77.
- Figures of rotifers (plates 17-20). In Standard methods for the examination of water and wastewater, 11th ed. Am. Public Health Assoc.
- Rotifera. In Encyclopedia of the biological sciences. Reinhold.
- Rotifera. In Encyclopaedia Britannica.
1961. Changes in Lake Washington following an increase in the nutrient income. Int. Ver. Theor. Angew. Limnol. Verh. **14**: 167-175. [Reprinted 1972: Readings in aquatic ecology, p. 364-372. Saunders.]
- Secondary production and decomposition. Int. Ver. Theor. Angew. Limnol. Verh. **14**: 316-339.
1962. Food supply and reproduction of zooplankton in relation to phytoplankton population. Rapp. P.-V. Reun. Cons. Perm. Int. Explor. Mer **153**, p. 137-141.
- (and G. W. Comita and G. C. Anderson) Reproductive rate of copepods in nature and its relation to phytoplankton population. Ecology **43**: 625-634.
1963. Pacific Coast and Great Basin, p. 371-392. In D. G. Frey [ed.], Limnology in North America. Univ. Wisc. Press.
1964. The rate of egg production by rotifers and copepods in natural populations as controlled by food and temperature. Int. Ver. Theor. Angew. Limnol. Verh. **15**: 673-675.
1965. Reproductive rate of planktonic rotifers as re-

- lated to food and temperature in nature. *Ecol. Monogr.* **35**: 61–111.
- (and G. C. Anderson) Some features of saline lakes in central Washington. *Limnol. Oceanogr.* **10**(Suppl.): R87–R96.
1966. Changes in the oxygen deficit of Lake Washington. *Int. Ver. Theor. Angew. Limnol. Verh.* **16**: 153–158.

### Dissertations and theses completed under the direction of W. T. Edmondson

- |       |                                      |   |
|-------|--------------------------------------|---|
| 1953. | Gabriel W. Comita<br>(Deceased 1987) | A limnological study of planktonic copepod populations (Ph.D. dissertation)   |
| 1953. | Margaret H. Foreman                  | A limnological study of the population of <i>Daphnia dentifera</i> (Cladocera) in Hall Lake, Washington (M.S. thesis) |
| 1953. | Robert A. Main                       | A limnological study of <i>Chaoborus</i> (Diptera) in Hall Lake, Washington (M.S. thesis)                             |
| 1954. | George C. Anderson                   | A limnological study of the seasonal variation of phytoplankton populations (Ph.D. dissertation)                      |
| 1954. | Craig MacPhee                        | A experimental study of competition for food in fish (Ph.D. dissertation)   |

1959. Gerald J. Lauer The bottom fauna of two saline lakes in Washington (M.S. thesis)
1963. Gerald J. Lauer The bottom fauna of two saline lakes in the Grand Coulee, Washington (Ph.D. dissertation)
1964. Shirley A. Miller The effect of symbiotic algae on the growth of *Spongilla lacustris* (M.S. thesis)
1965. Ann A. Allen Special features of the planktonic rotifer *Polyarthra vulgaris* (M.S. thesis)
1965. Constance H. Ferguson Reproductive rate of *Diaptomus ashlandi* in Lake Washington, an enriched lake (M.S. thesis)
1965. Rudolph N. Thut A study of the profundal bottom fauna of Lake Washington (M.S. thesis)
1967. Woodruff W. Benson A study of the periphyton of Lake Washington (M.S. thesis)
1967. Judith F. Kleckner The role of bottom fauna in mixing lake sediments (M.S. thesis)
1967. John G. Stockner The ecology of the Ohanapecosh Hot Springs, Mount Rainier National Park, Washington (Ph.D. dissertation)
1968. Craig L. Althen The influence of substrate curvature on the micro-distribution of periphyton (M.S. thesis)
1970. Stanley I. Dodson The effect of predation on the community structure of freshwater zooplankton (Ph.D. dissertation)
1970. Sandra M. Harris The paleolimnology of Hall Lake with special reference to fossil *Daphnia* (M.S. thesis)
1971. Virginia E. Dodson The ecology of three high altitude corixids in western Colorado (Ph.D. dissertation)
1973. David A. Culver Meromixis in a softwater lake (Ph.D. dissertation)
1977. Nelson G. Hairston, Jr. The adaptive significance of carotenoid pigmentation in *Diaptomus* (Copepoda) (Ph.D. dissertation)
1978. John T. Lehman Aspects of nutrient dynamics in freshwater communities (Ph.D. dissertation)
1978. Robert A. Pastorok Predation by *Chaoborus* larvae and its impact on the zooplankton community (Ph.D. dissertation)
1981. Paul A. Murtaugh The feeding ecology of *Neomysis mercedis* in Lake Washington (Ph.D. dissertation)
1981. Barbara E. Taylor Population dynamics of the crustacean zooplankton of Hall Lake, Washington (Ph.D. dissertation)
1982. Sally E. B. Abella Studies on diatoms in the sediments of two lakes in the State of Washington (M.S. thesis)
1984. Nancy O. Mesner The feeding ecology of *Epischura nevadensis* in Lake Washington (M.S. thesis)
1986. Christopher M. Luecke The effect of the introduction of cutthroat trout on the benthic community of Lake Lenore, Washington (Ph.D. dissertation)
