Multiscale spatial distribution of a littoral fish community in relation to environmental variables

There was an error in our paper published in *Limnology and Oceanography* (Vol. 50, p. 465–479, 2005). The map of the observed spatial distribution of *Fundulus diaphanus* (code Fudi) for the month of June (upper right panel of Fig. 3a) should have been as shown here.

We thank Dr. Nicolas Lamouroux for identifying this error.
