Welcome to the ASLO 2004 Summer Meeting!

The ASLO 2004 Summer Meeting will provide a forum for researchers to highlight recent advances with an emphasis on fully exploring the changing landscapes of oceans and freshwater. In addition to traditional topics presented at ASLO summer meetings, participation has been expanded to include those in wetland sciences, marine processes, biodiversity and ecosystems function, interfaces among terrestrial, freshwater, and marine environments, and new instrumentation approaches. Presentations will be inclusive of all areas of aquatic science.

Make your plans to arrive early! This year's meeting will begin on Sunday afternoon with a Presidential Address from Pete Jumars, ASLO President, on The State of the Society, followed by an opening welcome mixer reception. Plan to arrive in time to register and hear this exciting talk before you attend the reception. On Monday morning, the 2004 ASLO Awards will be announced, followed by the plenary lecture featuring Wallace S. "Wally" Broecker. Poster sessions and receptions are scheduled to provide a second opportunity to make professional connections in a social setting. Daily conference events will be held at the Savannah International Trade and Convention Center.

2004 Summer Meeting Presidential Address

The State of the Society

Peter Jumars, ASLO President

Sunday, June 13, 2004, 5:30 to 6:30 p.m.

Chatham Ballroom

ASLO President Peter Jumars will address the "state of the society" on Sunday afternoon immediately prior to the opening welcome mixer reception. He will talk about ASLO's present and past accomplishments and its future directions.

ASLO President Peter A. "Pete" Jumars is professor of oceanography and marine science at the Darling Marine Center, University of Maine, Walpole, Maine. He received his B.A in biological sciences in 1969 from the University of Delaware, Newark, Delaware, and his Ph.D. in oceanography in 1974 from Scripps Institution of Oceanography, University of California San Diego. He completed his postdoctoral work from 1974 to 1975 at the University of Southern California in polychaete systematics.

Pete Jumars has been in his current position at the Darling Marine Center since 1999. Prior to that he was at the School of Oceanography, University of Washington, in Seattle, Washington, and with the Oceanic Biology Program and Sediment Dynamics Program in the Office of Naval Research, Arlington, Virginia. Throughout his career he has supervised 11 completed Ph.D.s and substantially more assorted MS students and interns in addition to four postdocs. His research interests are biological-physical interactions, including biomechanics, unsteady flows at low Reynolds numbers, and sedimentary acoustics; predictive theory in ecology; deposit feeding; digestion theories and observations, both for animals with guts and for bacteria; and biology of polychaetes.

His teaching interests include fluid and sedimentary biomechanics and organism-sediment-chemistry-physics interactions.

Jumars holds numerous society affiliations in addition to ASLO. He is involved with the American Association for the Advancement of Science, American Geophysical Union, British Ecological Society, Council of Scientific Society Presidents, and the Society for Integrative and Comparative Biology. Jumars became president of ASLO in 2002 and will serve through 2004. He has served on the board as a member-at-large and president-elect. He also was editor-in-chief, *Limnology and Oceanography*, from 1986 to 1992. The society recognized Jumars with the G. Evelyn Hutchinson Award in 1994.

Plenary Address

The Great Ocean Conveyor and the Angry Climate Beast

Wallace S. "Wally" Broecker, Newberry Professor of Earth and Environmental Sciences, Lamont-Doherty Earth Observatory

Monday, June 14, 2004, 9:00 a.m.

Chatham Ballroom

Wallace S. "Wally" Broecker will be the plenary speaker for Monday. He is the Newberry Professor of Earth and Environmental Sciences at the Lamont-Doherty Earth Observatory in Palisades, New York. He received his Ph.D. from Columbia University in 1958 and became an assistant professor there in 1959. Broecker was made associate professor in 1961 and became professor in 1964. He has been the Newberry Professor of Earth and Environmental Sciences since 1977. Broecker became a member of the National Academy of Sciences in 1979. His research interests include paleoclimatology, ocean chemistry, isotope dating and environmental science.

In his work, he explores the clear evidence that different parts of the earth's climate system are linked in very subtle yet dramatic ways and that the climate system has jumped from one mode of operation to another in the past. He is trying to understand how the earth's climate system is engineered, so we can understand what it takes to trigger mode switches. Until we do, we cannot make good predictions about future climate change. Broecker's research is directed toward the role of the oceans in climate change. Over the last several hundred thousand years, climate change has come mainly in discrete jumps that appear to be related to changes in the mode of thermohaline circulation. We place strong emphasis on using isotopes as a means to understand physical mixing and chemical cycling in the ocean, and the climate history as recorded in marine sediments.

Broecker's career has included numerous honors and awards. Among his most recent awards are the Tyler Prize for Environmental Achievement from the University of Southern California and the Arthur L. Day Prize and Lectureship from the National Academy of Sciences in 2002. The Don J. Easterbrook Distinguished Scientist Award from the Geological Society of America was awarded him in 2000, and he received the Desert Research Institute's 1999 Nevada Medal. In 1996, Broecker received the National Medal of Science. His honors include the DOCS Distinguished Lecturer (Louisiana State University), 1997; Zucker Fellow (Yale University), 1997; Silver Lecturer (University of New Mexico), 1997; Fellow, American Geophysical Union; Fellow, European Geophysical Union, 1992; National Academy of Science, 1979; and American Academy of Arts and Sciences, 1976.

About the Conference Meeting Site

This meeting has been carefully planned to provide an appropriate atmosphere and numerous opportunities to interact with colleagues and friends. All plenary sessions, exhibits, posters, and the special and contributed sessions will take place at the Savannah International Trade and Convention Center. Opened in early 2000, the Savannah International Trade and Convention Center is the centerpiece of a remarkable renaissance blending the best of the Old and New South in one of America's most historic cities. The state-of-the-art facility offers impressive vistas of Savannah's bustling waterfront along nearly 1800 feet of public river walk.

About Savannah

Savannah is a city rich in history, Southern charm, and old-fashioned hospitality. Savannah traces its roots back to 1733 when British General James Oglethorpe first founded the city on a bluff above River Street. Today, Savannah offers world-class restaurants, Civil War forts, dozens of art galleries, fine antique shops, and much more. Visitors revel in our elegant architecture, ornate ironworks, fountains and lush green squares. Savannah's natural beauty is

rivaled only by the city's hospitable reputation and charm.

Savannah has one of the largest historic districts in the United States, with thousands of architecturally significant buildings nestled under giant live oaks hung with Spanish moss. Known as The Hostess City of the South, Savannah attracts visitors from across the country and around the world. The city is brimming with activity all year round. From walking tours to deep-sea fishing excursions, there are plenty of things to do in Savannah. Whether you're looking to relax at a local day spa or to explore Savannah's historic treasures, you can discover Savannah at your own pace!

When it comes to sightseeing, Savannah has some of the finest historic homes, museums, and historic sites in the Southeast. From Civil War forts to English Regency house museums, Savannah offers a broad range of sightseeing options for visitors and residents alike. With all of the area's unique history, arts and architecture, be sure to take the time to enjoy all that Savannah has to offer!

Savannah is situated at the mouth of the Savannah River, which forms the border between Georgia and South Carolina. The city is precisely located at 31 degrees, 4 minutes north latitude and 81 degrees, 5 minutes west longitude. The area has a large network of rivers and creeks, many of them under tidal influence. The Intracoastal Waterway runs along the east coast, much of which is comprised of ecologically vital marshes.

Savannah enjoys a subtropical climate that makes outdoor activities possible year-round. The summers are hot, and the winters are mild. The temperatures during the month of June typically reach into the upper 80° Fahrenheit (27° Celsius) range during the day with evening lows near 70° Fahrenheit (21° Celsius).

Housing Arrangements

Housing arrangements for the 2004 ASLO Summer Meeting have been made at a variety of hotels, all easily accessible to the convention center by water taxi or alternate transportation, and offering a wide range of room rates that will allow you to select the one that best fits your needs. Room rates range from \$113 USD per night to \$152 USD per night. Hotel reservation information is included in this brochure with complete room rate and reservation information listed for each hotel.

Transportation

The Savannah International Trade and Convention Center is a waterfront property located on Hutchinson Island. Thus, its location will provide a unique opportunity for the attendees to use water transportation. A water transportation system, including ferries and water taxis, links Hutchinson Island with River Street and Chatham Area Transit's free shuttle bus service. Bus service will be available from conference hotels to the convention center on a regular schedule from 7 a.m. until 6 p.m. The busses will run every 15 minutes during peak times and every 30 minutes at other times. Free water transportation passes and bus service will be provided only to those staying at one of the official conference hotels. (See page 11 of this brochure for a list and information on these hotels.)

Abstracts of papers presented during the ASLO 2004 Summer Meeting will be published in the conference abstract book as well as archived on the ASLO web site following the meeting.

Commercial and Nonprofit Exhibits and Additional Sponsorship Opportunities

An exhibit area will be set up in Exhibit Hall A in the Savannah International Trade and Convention Center. Due to the location of the convention center, sessions and exhibits will begin at 9:00 a.m. Exhibits will be open Tuesday, June 15, Wednesday, June 16, and Thursday June 17, during conference hours. Attendees will have access to the exhibit hall during the conference hours, posters will be on display in the exhibit hall, and morning and afternoon coffee breaks will be set Tuesday, Wednesday, and Thursday in the exhibit area as well.

Exhibitors are invited to participate in the topical sessions by utilizing the two complimentary registrations, which have been allotted to each organization. Additional representatives may attend the various social activities associated with the meeting by paying the spouse/guest fee of \$100.00 USD. For more information, please see the registration section on page 10. Both commercial and nonprofit exhibitors are encouraged to participate. The costs for exhibits are as follows:

Commercial (For-profit)	\$1150.00 USD
Non-profit	\$750.00 USD

Several opportunities are available for sponsorship of various breaks, receptions and other functions throughout the meeting. Please contact the Exhibits/Sponsorship Coordinator at the ASLO Business Office, (800) 929-ASLO or (254) 399-9635 if you would like more information.

Opportunities and Information for Students

For up-to-date information on all planned student events, housing recommendations, room sharing opportunities and the Career Link Program, please check the ASLO conference web site at <http://www.aslo.org/savannah2004> and click on Student Information.

ASLO Student Meeting

The ASLO Student Meeting will be held from 12:00 to 1:15 p.m. on Monday, June 14, 2005 in Ballroom A.

Minorities Program

The 15th annual ASLO Minorities Program will be held at the 2004 Summer Meeting. The initiative is a shared undertaking between

Hampton University and ASLO and is funded by the Ocean Sciences Division of the National Science Foundation. Minority students will attend a field trip and give presentations in a student symposium. These students will participate in a special session on Monday, June 14, in room 205 of the Savannah International Trade and Convention Center. Students participating in this program will be aided by ASLO member volunteers who will serve as meeting mentors. If you would like to recommend a student for the program, or if you are interested in serving as one of the meeting mentors, please contact:

Outstanding Student Poster Awards

ASLO will present several awards for the most outstanding posters presented by student members. Posters in all areas of aquatic science are appropriate, including theory, modeling, and laboratory or field experimentation. To be eligible, the student must be an ASLO member and first author on research that has not been presented previously at ASLO or other scientific meetings. Presentations will be judged on the basis of innovation/scientific insight, quality of experimental design/methods, and clarity/effectiveness of presentation. All posters submitted by students will be considered for the student poster awards. There is no need to apply.

Student posters will be judged immediately following the conclusion of the poster set-up time on Monday afternoon, June 14, 2004. Therefore, posters that are not in place by this time will not be eligible for awards and will not be judged.

Volunteers Needed for Poster Judging

Post docs and professionals who are members of ASLO are invited to serve as poster judges. Each judge will be responsible for evaluating 10 posters. Please indicate your area of expertise and interest in serving as a volunteer by sending an e-mail to: Colin Stedmon at CST@DMU.dk.

Career Link Program

Prospective employers and supervisors are invited to post job announcements free of charge at the conference. Positions advertised on the ASLO web site will be printed out and posted. In addition, advertisements can be sent to Letise Houser at lthouser@Udel.edu, who will ensure that they are posted for viewing during the meeting. Likewise, students are invited to post one-page resumes for viewing. Electronic versions of ads and resumes will be distributed free of charge after the meeting. To learn more about the Career Link Program, please go to the following page on the ASLO web site: <http://www.aslo.org/career/careerlink.html>.

Roommates Wanted

Roommates Wanted is a free on-line service to those who are seeking roommates during ASLO meetings. To participate, visit ASLO's website at <http://www.aslo.org/meetings/roommates.html>.

Conference Events

Registration

Dates: Sunday, June 13, 2004 – 3:00 to 9:00 p.m.
 Monday, June 14, 2004 through Thursday,
 June 17, 2004 – 7:00 a.m. to 5:00 p.m.

Location: Exhibit Hall A Lobby

Conference attendees are encouraged to register on Sunday afternoon so that they will have their programs and materials prior to the opening reception for the conference on Sunday evening and before the general session begins on Monday morning.

Presidential Address The State of the Society

Date: Sunday, June 13, 2004 - 5:30 p.m. to 6:30 p.m.
 Location: Chatham Ballroom

ASLO President Peter Jumars will address the "state of the society" on Sunday afternoon immediately prior to the opening welcome mixer reception. He will talk about ASLO's present and past accomplishments and its future directions.

Opening Welcome Mixer Reception

Date: Sunday, June 13, 2004 - 6:30 p.m. to 8:30 p.m.
 Location: River Concourse Foyer

An opening welcome mixer reception will be held on Sunday evening at the Savannah International Trade and Convention Center. In addition to the reception, the conference registration area will be open so that you can check-in for the meeting at this time.

Opening Session and ASLO Awards Presentation

Date: Monday, June 14, 2004 - 9:00 to 10:40 a.m.
 Location: Chatham Ballroom

Attendees of the 2004 ASLO Summer Meeting will attend the welcome and opening session on Monday morning. Society awards and the plenary lecture will immediately follow. Society award recipients will be recognized and honored as part of the general session.

Annual Business Meeting

Date: Monday, June 14, 2004 - 5:30 to 6:30 p.m.
 Location: Room 100

ASLO's annual business meeting is scheduled for Monday evening from 5:30 to 6:30 p.m. at the convention center. All ASLO members and meeting participants are encouraged to attend.

Poster Sessions and Receptions

Dates: Tuesday, June 15 and Wednesday,
 June 16, 2004 - 3:30 to 5:30 p.m.
 Location: Exhibit Hall A

Poster sessions and receptions will take place in the convention center on Tuesday and Wednesday evenings. Poster sessions are an important part of the 2004 Summer Meeting and provide invaluable contribution to the theme. Posters will be on display during the reception each evening and exhibits will be open during this time.

National Science Foundation - Update on Funding Opportunities for Biological Research

Date: Tuesday, June 15, 2004 – 12:00 to 1:30 p.m.
 Location: Room TBD

During recent years, the National Science Foundation has developed many new opportunities for funding that are directly applicable to scientists involved in ocean, freshwater/terrestrial, and other forms of biological research. Dr. Matthew Kane, National Science Foundation, Div. Molecular and Cellular BioSciences (BIO/MCB), will discuss such new and emerging funding programs. Examples will include: Assembling the Tree of Life (AtOL); Biocomplexity in the Environment (BE); Frontiers in Integrative Biological Research (FIBR); Interagency NSF/USDA Microbial Genome Sequencing Program (MGSP); Interagency NSF/NIH Ecology of Infectious Diseases Program (EID); Microbial Observatories and Microbial Interactions & Processes (MO & MIP); National Ecological Observatory Network (NEON); Research in BioGeosciences (BioGeo); Research Coordination Networks (RCN). For more information, contact Dr. Kane at mkane@nsf.gov.

Wednesday Evening Riverboat Cruise and Dinner (Optional)

Date: Wednesday, June 16, 2004
 Participants will board at the riverboat dock located at 9 East River Street at 6:30 p.m. and will return at 9:30 p.m.
 Cost: Adults: \$38.00 per person
 (Price includes the riverboat cruise and dinner.)
 Tickets may be purchased thru 12:00 p.m.
 Monday, June 14, 2004.

No visit to Savannah is complete without a riverboat cruise along beautiful historic River Street. The River Street Riverboat Company operates Savannah's premier dinner entertainment cruise ships. The riverboats cruise year round from their waterfront dock located at 9 East River Street (directly behind City Hall and next door to the Hyatt Regency). The dinner will have a truly Southern flare with assorted salads, fried chicken, barbecue pork, macaroni and cheese, Savannah red rice, green beans, buttered corn, cornbread, fresh fruit, desserts and iced tea and coffee. A cash bar will be available on board the riverboat. Participants will be shown a view of Savannah and will experience a part of the South that they will never forget!

Field Trip: Tour of Savannah Coastal Environments and Marine Science Facilities by Bus and Boat

Date: Sunday, June 13, 2004 - Participants will board busses at 8:00 a.m. and will return at approximately 2:00 p.m.
 Cost: \$70.00 (Price includes bus transportation, tour of facilities, boat transportation, and lunch.) Tickets may be purchased thru Wednesday, June 9, 2004.

Led by faculty and staff from Savannah State University (SSU), the Skidaway Institute of Oceanography (SkIO), and the University of Georgia (UGA), field trip participants will board busses on River Street at 8:00 a.m. on Sunday, June 13, 2004, for a tour of the marine science facilities and habitats at SSU and on Skidaway Island (SkIO, UGA, NOAA Gray's Reef National Marine Sanctuary). Here the group will board the "Spirit of Harbortown" for a lunch

cruise/tour along coastal salt marsh waterways. Local researchers will provided brief presentations about harvested resources, crab decline, dying marshes, local natural history (birds, reptiles, and dolphins), coastal water quality and dynamics (coastal oceanography). Students from the ASLO Minorities Program will join field trip participants. The group will tour the Savannah River and will return back to Savannah by mid-afternoon.

Additional Conference Events and Organized Activities

Information on workshops and field trips may be added at a later date. Please check the conference web site: <http://www.aslo.org/savannah2004> or call the ASLO Business Office: (254) 399-9635 or (800) 929-ASLO.

Instructions for Poster Presenters, Oral Presenters, and Session Chairs

Abstracts

Abstracts for this meeting will be posted and archived on the ASLO Website (<http://www.aslo.org>), and a complete book of abstracts will be distributed to registered attendees at the meeting.

Poster Presentations

Poster sessions are an important part of the ASLO 2004 Summer Meeting and provide invaluable contributions to the theme and sub-themes. Posters will be on display in Exhibit Hall A of the Savannah International Trade and Convention Center on Tuesday, Wednesday, from 8:00 a.m. to 5:30 p.m., and Thursday from 8:00 a.m. until 3:30 p.m. Poster sessions will coincide with the poster reception Tuesday and Wednesday afternoons from 3:30 to 5:30 p.m. Refreshments will be served during the poster sessions. Authors should be available for discussion purposes during each poster session reception.

All poster presenters were notified of their poster number in advance of the meeting. If you did not receive such notification, please contact the conference management office at business@aslo.org or call 800-929-2756 or 254-399-9635.

Actual poster space will be 40 inches high by 44 inches wide (3 ft. 4 in. high by 3 ft. 8 in. wide or 1.016m high by 1.1176m wide) in size. Size requirements must be strictly adhered to so that they fit within the space assigned to them. If your poster exceeds these specifications, it may be subject to removal.

It is very important that poster presenters adhere to the designated set up and tear down instructions and times. Posters may be set up on Monday, June 14, 2004, from 3:00 to 5:00 p.m. You will set up your poster according to your assigned number and to the sequential numbers on the poster boards. Student posters will be judged immediately following the conclusion of the poster set-up time on Monday afternoon. Therefore, student posters that are not in place by this time will not be eligible for awards and will not be judged.

All posters must be dismantled on Thursday, June 17, from 3:30 to 5:30 p.m. If the presenting author has not dismantled a poster by the designated time, the convention decorator may discard it.

Oral Presentations

All concurrent sessions will take place at the Savannah International Trade and Convention Center. With the exception of tutorials, oral

presentations will be a total of 20 minutes in length, including set up, questions, and discussion. Please plan to allow at least five minutes for questions and discussion time. Session chairs have been instructed to strictly adhere to the schedule so that participants may move quickly among the concurrent session locations. If a presentation should be cancelled for any reason, this time will be used for additional discussion or a stretch break.

Presenters will not be allowed to provide their own laptop computer, and, in fact, personal laptop computers cannot be plugged into projectors in oral session rooms.

Pre-Conference Presentation Uploading

It is highly recommended that you submit your presentation prior to the conference via the conference FTP site established through AVHQ Speaker Services. All individual presentations will be password protected. As a presenter for the 2004 ASLO Summer Meeting, you will access the site and your presentation using the same user name and password you were given for your conference abstract submission.

Please follow these easy instructions for pre-conference uploading of your presentation via the secure FTP site:

1. Go to the ASLO 2004 Summer Meeting Website (www.aslo.org/meetings/savannah2004)
2. On the front page of the conference web site, select the link for AVHQ Speaker Services (www.avhqspeakerservices.com)
3. Select "Submit Your Presentation."
4. Select 2004 ASLO Summer Meeting from the dropdown list of available conference/shows.
5. Select "Presenter Login."
6. Login with the same user name and password that you were assigned for the ASLO 2004 Summer Meeting. (You received your user name and password in your Abstract Submission Confirmation for the ASLO 2004 Summer Meeting.)
7. You will be presented with two options: Update "Previously Added Presentation" or "Submit New Presentation." If you are submitting your presentation for the first time, select "Submit New Presentation."
8. Click on "Upload New Presentation."
9. Fill out questionnaire.
10. Click "Submit."
11. Click the "Upload File" button. An "Upload File" box will open up. Use the Browse button to find your presentation and click "Upload File."
12. Wait for the website to tell you that your presentation has been submitted.
13. You will receive an immediate confirmation of receipt. Within 72 hours, you will receive another e-mail that your file has been checked and accepted.

This is the best way to submit your presentation. You will receive confirmation of your submitted presentation from AVHQ Speaker Services. You will also find helpful information and tips on creating better presentations.

If there is a problem with uploading during the submission process, a technician will walk you through the steps on the telephone tech support line. Once uploaded, speaker technicians will open the presentation file to make sure everything will open and execute

correctly. If any changes are made, AVHQ will notify the presenter via e-mail or phone and advise them as to whether it is correct or if further work is needed. Regarding security, AVHQ will download the presentations that are uploaded each day, take them off the ftp site, and place them on their local secure server.

Bring a back-up copy of your presentation with you to the meeting on either a disk/CD-ROM or DVD-ROM.

Speaker Ready Room

A speaker ready room will be located in Room 102 of the Savannah International Trade and Convention Center for presenters to preview their materials and run-through their presentations. The speaker ready room will be open from 1:00 to 9:00 p.m. on Sunday, from 7:00 a.m. to 7:00 p.m. on Monday, Tuesday, and Wednesday, and then from 7:00 a.m. to 3:30 p.m. on Thursday.

Presentation Room

Audio-visual technicians will be available in the Room 101 of the Savannah International Trade and Convention Center from 1:00 to 9:00 p.m. on Sunday and from 7:00 a.m. to 7:00 p.m. on Monday, Tuesday, Wednesday, and Thursday.

If you do not submit your presentation prior to the conference, you must bring your PowerPoint presentation to Room 101 at least 24 hours before your presentation. Qualified technicians can help you transfer your presentation from your laptop, if necessary. Speakers will have the ability to review and make changes to their PowerPoint presentations in the presentation room. It is recommended that each presentation be reviewed no less than three hours before the start of the session.

If you are using slides, extra slide carousels will be provided. If you are using one of these carousels, please mark it with your name using the tape and markers that will be provided in the room.

PC and Macintosh Platforms

All PC computers in the presentation room will be installed with Microsoft Office 2000®. PowerPoint presentations created on the Macintosh platform should work, but Macintosh presentations should be reviewed in the speaker ready room to make sure all fonts and video clips are present in the form they were created in. Macintosh users should name their presentations with a .ppt suffix (example: presentation.ppt).

Microsoft XP

If you are using Microsoft Office XP, please save your PowerPoint presentation down to the PowerPoint 97-2000 version.

"Pack & Go"

The "Pack & Go" utility within Microsoft PowerPoint is a useful tool to use when you place video and/or sound files within your presentation. It is also helpful when using non-standard fonts within your presentation. This utility will compress your presentation along with the associated files into a single compressed file. You can then copy your presentation onto a floppy disk, CD-R, CD-RW, or Zip disk and bring it to the speaker ready room, where it can be unpacked and reviewed. It is important to remember that Macintosh only offers this option in its Macintosh Office for OS X.

Laptop Support

A-V technicians will offer support to remove presentations from laptops. This action will require the installation of Zip Disk drivers or the installation of other drivers for removable media. It also might be required to configure the network card. If you plan on having to remove your presentation from your laptop, it is advisable to show up to the presentation room as soon as possible, to work out any unforeseen problems.

Media Support

We recommend you bring at least 2 copies of your presentation to the meeting in case there is a problem with one of them. When bringing your presentation on a disk, it may be on a Zip 100, Zip 250, CD-R, CD-RW, Compact Flash, Memory Stick, or 1.44 floppy. It is recommended that at least one backup copy of your presentation be brought to the presentation room when you check in.

Additional Presentation Guidelines

Keep animations to a minimum. Although, when using a bulleted list of points, it may be useful to have the points appear.

Zip Disks, 1.44 Floppy, and CD's will be returned to the speaker.

All presentations will be deleted at the end of the day. All copies will be deleted at the end of the meeting.

If you plan to do a PowerPoint presentation, it is highly recommended that you have a backup of your presentation in the form of overhead transparencies.

All oral session rooms will be equipped with the following audio-visual equipment:

- 1 computer projector (PowerPoint)
- 1 PC computer
- 1 overhead projector
- 1 screen
- 1 laser pointer
- 1 timer
- 1 lavalier microphone

Rental of additional audio-visual equipment:

Rental of a VCR, 35 mm slide projector, monitor, audio systems, provision of extra power outlets, extra tables, stands, etc. can be handled for an additional cost. Internet connectivity in the session room is also available at an additional cost. If you did not request extra equipment at the time your abstract was submitted, please contact Ed Berru at AVHQ Speaker Services by phone at 214-210-8075 or by email at eberru@avhq.com

Any costs for additional equipment will be billed to the abstract's presenting author.

For any PowerPoint presentation or audio-visual related questions, please contact:

Registration Information

Online registration is preferred and highly recommended. You can register electronically on the conference web site (<http://www.aslo.org/savannah2004>). Electronic registrations must include complete credit card information.

Every attempt has been made to allow secure transmissions of your credit card information and transaction, but ASLO assumes no liability for your credit card information when it is released electronically. All credit card transactions will be processed through the conference web site. Transactions are protected and encrypted using a secure socket layer (SSL) certificate provided by Verisign, Inc. SSL technology is the industry-standard method for protecting web communications. The SSL security protocol provides data encryption, server authentication, message integrity, and optional client authentication for a TCP/IP (internet) connection. Credit card verification and debit services will be provided by Authorize.net, a leading provider of Internet-based transaction services with thousands of online and traditional business customers around the world.

You will receive a separate electronic confirmation for each on-line form that you submit.

If registration by electronic means is not possible, please complete the registration form included in this book and send to the address listed below with payment or charge card information. Please return mailed-in registrations to:

ASLO Business Office
5400 Bosque Boulevard, Suite 680
Waco, Texas 76710-4446

Please make checks payable to: ASLO
(All payments must be in U.S. dollars drawn on a U.S. bank.)

Registrations complete with purchase order or credit card information that are not accompanying an abstract submission can be faxed to: (254) 776-3767.

The full registration fee includes admission to all sessions, exhibits, evening sessions (unless otherwise specified), Sunday welcome reception and poster receptions (Tuesday and Wednesday), coffee breaks, book of abstracts, and the program book (sent to all registrants prior to the conference). Optional events such as any special organized activities, field trips, and the Wednesday evening riverboat cruise are not included.

Substantial savings apply if the payment and registration form are received on or before May 10, 2004.

Substitutions or Cancellations

We understand that occasionally other responsibilities and personal obligations prevent you from attending a program for which you have registered. If you find that you will not be able to attend the ASLO meeting, we encourage you to send a substitute. Substitutions can be made at any time, even on-site at the conference.

If you find it necessary to cancel after you have already paid, we can refund your conference fee (less an \$80 USD processing fee) if we receive notice in writing on or before May 10, 2004. Due to the limited number of enrollments available, registrants who cancel on or after May 11, 2004, will be not be eligible for any part of a refund.

To provide cancellation notice and request a refund, please send a letter to: Helen Schneider Lemay, ASLO Business Office, 5400 Bosque Boulevard, Suite 680, Waco, Texas 76710-4446, fax your request to (254) 776-3767, or via e-mail to business@aslo.org.

Registration Fees

Fees are stated in U.S. dollars and must be paid in U.S. dollars.

In order to register as an ASLO member, you must be a current member of the society at the time that you register. Registration fee refunds will not be issued to those who register as a non-member and then later join the society.

- ASLO Members: \$350.00 USD on or before May 10, 2004 (\$410.00 USD after May 10, 2004)
- Non-members (Those who are not a member of ASLO): \$450.00 USD by May 10, 2004 (\$510.00 USD after May 10, 2004)
- ASLO Student Members: \$200.00 USD by May 10, 2004 (\$260.00 USD after May 10, 2004)
- Non-Member Students: \$250.00 USD by May 10, 2004 (\$310.00 USD after May 10, 2004)
- One-day registrations: \$150.00 USD
- Spouse/Guest: \$100.00 USD (Spouse and guest fees cover only the conference social events such as the Sunday welcome reception, coffee services, and the poster receptions (Tuesday through Thursday). Optional events are not included. However, spouses and guests are encouraged to register for the special activities. Spouses and guests cannot be admitted to the sessions without paying the appropriate full registration fee.
- A late fee of \$60.00 USD will be added to all registrations received after May 10, 2004.

Fees to attend ASLO's 2004 Summer Meeting must be paid in advance. Due to the limited numbers, registrations are not considered guaranteed until a check, money order, purchase order, or charge card information is received. All fax registrations must include complete credit card information, including number, expiration date, and cardholder name. VISA, MasterCard, and American Express are accepted. Organizations can be billed only if a purchase order accompanies the registration either by fax or by mail.

Registration and any other fees listed on the conference registration form are payable in U.S. currency only.

If desired, confirmation will be sent to attendees upon receipt of each completed and paid registration.

Conference Check-In and Registration

Registration prior to the meeting is strongly encouraged. By doing so, you will greatly reduce the amount of time necessary to complete the on-site registration process and pick up your meeting materials.

Meeting materials and name badges can be picked up on Sunday, June 13, 2004, at the Savannah International Trade and Convention Center, Exhibit Hall A Lobby, from 3:00-9:00 p.m. Registration will be opened each day at the convention center, Exhibit Hall A Lobby, from Monday, June 14, through Thursday, June 17, from 7:00 a.m. to 5:00 p.m.

Name badges will be included in your registration packet and must be worn at all times throughout the meeting. Your conference receipt will be included in with your badge.

Maps showing the various session and meeting room locations are included at the end of this program, so be sure to bring it with you to the meeting.

Special Needs

If you have a disability or limitation that may require special consideration in order to fully participate, please contact the meeting's planning organization to discuss how we can accommodate your needs. Call 800-929-ASLO or 254-399-9635 or send e-mail to business@aslo.org.

Childcare

If you would like to connect with other attendees and arrange childcare together, please e-mail alexisn@sgmeet.com. You may also want to check with your hotel to see if they offer in-house day care services. Any arrangements made represent a contractual agreement between the individual and the childcare agency/provider selected. ASLO assumes no responsibility for the services rendered.

Message and Jobs Boards

Messages for colleagues can be posted on message boards at the Savannah International Trade and Convention Center. A bulletin board also will be available to post job listings. If you know of pertinent job announcements, you are encouraged to take advantage of this opportunity by posting them on this board. If you know of a job opportunity and would like to submit a listing but will not be able to attend the meeting, please e-mail a brief description to the ASLO student board representative Letise Houser at lthouser@udel.edu by May 17, 2004.

E-mail Access

E-mail terminals to access electronic mail will be set up in Room 104 of the Savannah International Trade and Convention Center during conference hours Sunday through Thursday. We also suggest you check with your hotel regarding the e-mail facilities and instructions on access.
